## Curiosity, Improvement, Strategy

I like to keep things simple. I build things so people can use them. Sometimes I build beautiful things so people can admire it while using it. I never rest until the job is done or until the problem is solved. I am always tinkering and expanding my knowledge. I also love my Raspberry Pi 3 B. Experience with: Heroku, React, MongoDB, Node.js, Sequelize, Restful API, JQuery, GitHub, BootStrap, Express, Python, MYSQL, Web Scraping, Mongoose JavaScript, HTML, and CSS.

## PROJECTS

### GAMESCRAPER

- App created to scrape game news articles and allow for comments and notes on articles.
- Uses Node.js, Mongoose, Express, MongoDB, Cheerio, Heroku, and MLabs.
- Utilized front-end and back-end knowledge to create full product cycle.

### CABINDAYS

- An app designed to reduce frustration when it comes time to reserving the family cabin.
- Uses Node.js, Sequelize, Google Calendar, Node-mailer, and Heroku.
- GitHub SME responsible for front-end design, JQuery, and JavaScript.

### YOUR NIGHT OUT

- Application focused on designing community-oriented events with minimal clicks and website visits.
- Uses Firebase, Google Maps API, Ticketmaster API, and DataTable.
- Responsible for front-end HTML, CSS, and project management.

### RASPI DIY PROJECTS

- Customized a linux based operating system of a raspberry pi to allow for a virtual emulator focused on SEGA GENESIS and GameBoy Advance games.
- Built and maintained a Raspberry Pi NAS Server utilizing unix to enable file sharing amongst multiple users while privatizing data.

## PROFESSIONAL EXPERIENCE

### 3WIRE | Sales and Operations Buyer | Osseo, MN | 2015 – 2018

- Established procedures that reduced workload by 15%, improved delivery performance by 4.7 days, and increased stock metrics by 23% while reducing total cost of inventory.
- Managed stakeholder relationships involving on-time delivery, tech services, and OEM/OCM manufacturing schedules.
- Designed and implemented excel macros and dashboards that automated redundant supply chain tasks.

### TARGET CORPORATE | Merchandise Specialist | Minneapolis, MN | 2014-2015

- Supported monthly vendor forecast cycle and ensured contract terms were met.
- Organized various marketing programs between miscellaneous business partners and ensure data accuracy.
- Assisted and implemented inventory tactics to support assortment and merchandise plans while achieving service level and inventory turn targets.
